

## OBJECTIVE

To find a home at a firm or organization pushing creative boundaries of contemporary graphic design in interesting and unique ways. To apply a versatile skill set and love of all things design related to challenging projects. To gain experience in the field, and above all, continue learning.

## SKILLS

Experienced in graphic design, with a strong foundation in fine art and photography. Basic motion graphics and web/html knowledge. Proficient with Adobe Creative Suite 5, Mac+PC. Experienced with the design process, from concept to production, as well as client interaction, pre-press, and multiple project/deadline management. Ability to verbalize thought processes related to work, as well as appreciate and learn from criticism.
